Comments

Comment by Solounge Bowen [09/Oct/25]

Robert has provided intended workflow

Princeton Call Flow: Tier 1 → Tier 2 → Clinical Escalation

Tier 1: CX/MBS Triage

Identifies if caller is a Princeton member and determines question type.

- Verify member identity and employer group
- Address general questions if possible
- If Princeton-specific → send ticket via Slack #princeton-client
- Inform member: dedicated Princeton team will respond within 1 business day

Tier 2: Dedicated Princeton Agents

Handled by Elizabeth & Reyna for sensitive or dedicated support.

- Respond via phone or portal within 1 business day
- Assist with menopause benefits, portal issues, or holistic session scheduling
- Ask: "Do you need a follow-up with Dr. Sasan?"
- Offer: "Would you like to schedule one of your free holistic health sessions?"
- Remind: "You have three sessions that are completely free — Nutrition, Therapy, and Pelvic Floor Therapy."
- Escalate to nurse, TechOps, or financial team if needed
- Log actions in Slack/Jira ticket

Clinical & Operations Escalation

For escalations requiring medical, technical, or financial input.

- Clinical → Nurse Ellie Adkins
- Technical → TechOps or Portal Support
- Financial → Glenda / Finance Navigator Team
- Client updates → Annie / Fahimeh / Jillian via Slack

Communication Pathway

Tier 1 Triage → Slack #princeton-client Ticket → Tier 2 Follow-up → Clinical / Ops Escalation (if needed)

Note: All Tier 2 communications should close with the signature "Your Dedicated Princeton Team" and include callback number 883-321-62345.
