[Tech Ops] Vendor/ Issue Type:	Software & SaaS Tools - Google		
[TO] Key Performance Indicator:	Improved User Experience		
KPI Measure:	Investigated and found the editing application was blocked in the Chrome Web Store. Access to the application was granted to specific users via Google Admin.		
Request participants:	None		
Technical Resource:	Matthew Ammlung		

Description

Hi,

I'm need to edit a xml document but I cannot. Maybe the type of computer I have doesn't work or I don't have permission?
Can you help me?

Thank you!

Gabrielle

Updates

- Investigated the application and discovered that it was blocked in the Chrome Web Store.
- Collaborated with Matt to determine how to make the application accessible to specific individuals or groups.
- Successfully granted access to the app and confirmed with Ryan that it is now available for the designated group, allowing the user on the Chromebook to proceed with its use.
- This can all be found under Apps & extension under Google Admin

Developer Tools

Overview

A text editor for Chrome OS and Chrome.

Text.app is a simple text editor for Chrome OS and Chrome. It's fast, lets you open multiple files at once, has syntax highlighting, and saves to Google Drive on Chrome OS.
